VISION

The Commission seeks to inspire consciousness of the wholeness of the human family and the sacred tapestry of all life. This spirituality is the foundation of a global consciousness that honors the wisdom found in the world's traditions, cultures and disciplines.

MISSION

The World Commission on Global Consciousness and Spirituality cultivates a growing community of people from diverse cultural, religious, disciplinary and spiritual orientations to promote global wisdom, vision and values. The Commission is action oriented and acknowledges awakening consciousness and spirituality as transformative powers for the common good.

** The World Commission is supported by the Global Dialogue Institute, and the Breuninger Foundation which generously funds and hosts our Annual Wasan Island Retreats.*
